hi Richard,

Per your telephone request a few hours ago, here is a chart showing current chartered CASAC and chartered SAB members' EPA grant funding during the years that members served on either the chartered SAB or chartered CASAC. The first tab describes what was done and what some of the columns mean.

If you need any additional information or have any questions on how this was developed, or need anything else tonight please let me know. FYI my cell is Personal Matters / Ex. 6 I'll be in the office tomorrow arriving around 7:30am. Ed
